About the Novel: The Crucible is the award-winning play written by Arthur Miller about the Salem witch trials of 1692. One night in Salem Massachusetts, a group of girls are caught dancing in the woods by Reverend Parris. His own daughter falls into a coma soon after, and the town is ablaze with talks of witchcraft. The Reverend sends for Reverend Hale to examine the girl for witchcraft. Hale concludes that the town of Salem is in fact engulfed in witchcraft as one by one the girls accuse other townspeople of communing with the devil. A trial ensues causing those accused to either deny these allegations, or confess, thus accusing someone else. This cycle finally culminates in the death of several innocent townsfolk. The Crucible is a historical dramatization of true events that show reputation is more important than admitting ignorance. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy.

The ten essays in The Crucible of Carolina explore the connections between the language and culture of South Carolina's barrier islands, West Africa, the Caribbean, and England. Decades before any formal, scholarly interest in South Carolina barrier life, outsiders had been commenting on and documenting the "African" qualities of the region's black inhabitants. These qualities have long been manifest in their language, religious practices, music, and material culture. Although direct contact between South Carolina and Africa continued until the Civil War, the era of Caribbean contact was briefer and ended with the close of the American colonial period. Throughout this volume, though, the contributors look beyond the cultural motivations and political appeal of strengthening the links between coastal Carolina and Africa and examine the cost of a diminished recognition of this important Caribbean influence. Not surprisingly, the influence of the pioneering linguist Lorenzo Dow Turner is reflected in many of these essays. The work presented in this volume, however, moves beyond Turner in dealing with the discourse and stylistic aspects of Gullah; in relating patters of Gullah to other Anglophone creoles and to various processes of creolization; and in questioning the usefulness of "retention," "survival," and "continuity" as operational concepts in comparative research. Within this context of furthering and challenging Turner's work in the barrier islands, and in seeking a truer measure of both African and Caribbean influences there, the contributors cover such topics as names and naming, the language of religious rituals, basket-making traditions, creole discourse patterns, and the grammatical morphology of Gullah and related creole and pidgin languages. Other contributors consider the substrate contributions and African continuities to be found in New World language patterns into new patterns adapted to the various situations in the New World. Opening new and advancing previous areas of research, The Crucible of Carolina also contributes to a further appreciation of the richness and diversity of South Carolina's cultural heritage.

A Note About A Few Of The Many Different Assignments Included: In the group activity, students work in small groups to discuss several important aspects of the play. Using the information they have acquired so far through individual work and class discussions, students get together to further examine the text and to brainstorm ideas relating to five specific aspects of the play. Also, two lessons are devoted to creating and performing a scene in which Abigail is on trial for being the cause of death for those who died during the witch trials. There are three writing assignments in this unit, each with the purpose of informing, persuading, or expressing personal opinions. The detailed writing assignment sheets guide students through the assignments. The first assignment is to inform: students write a composition based upon their theme topics. The second assignment is to persuade: students are given a choice of letters to write from one character to another, persuading him or her of something (stated in the assignment sheet). The third assignment is to give students a chance to simply express their own opinions: following the unit test, students write a composition explaining who, in their opinion, is responsible for the Salem witch trials.
