A rebel Psy scientist finds herself at the mercy of a changeling who has sworn vengeance against her kind in this thrilling romance in Nalini Singh’s New York Times bestselling series. Separated from her son and forced to create a neural implant that will mean the effective enslavement of her psychically gifted race, Ashaya Aleine is the perfect Psy—cool, calm, emotionless...at least on the surface. Inside, she’s fighting a desperate battle to save her son and escape the vicious cold of the PsyNet. Yet when escape comes, it leads not to safety, but to the lethal danger of a sniper’s embrace. DarkRiver sniper Dorian Christensen lost his sister to a Psy killer. Though he lacks the changeling ability to shift into animal form, his leopard lives within. And that leopard’s rage at the brutal loss is a clawing darkness that hungers for vengeance. Falling for a Psy has never been on Dorian’s agenda. But charged with protecting Ashaya and her son, he discovers that passion has a way of changing the rules...

Charged with protecting his people’s most vulnerable secrets, Dev is duty-bound to eliminate all threats. It’s a task he’s never hesitated to complete...until he finds himself drawn to a woman who might yet prove the enemy’s most insidious weapon. Stripped of her memories by a shadowy oppressor, and programmed to carry out cold-blooded murder, Katya Haas is fighting desperately for her sanity itself. Her only hope is Dev. But how can she expect to gain the trust of a man who could very well be her next target? For in this game, one must die... "I wished I lived in the world Singh has created."—*New York Times bestselling author Gena Showalter

THE FIRST PSY/CHANGELING NOVEL from the New York Times bestselling author of Shards of Hope, Shield of Winter, and Heart of Obsidian... The book that Christine Feehan called "a must-read for all of my fans." In a world that denies emotions, where the ruling Psy punish any sign of desire, Sascha Duncan must conceal the feelings that brand her as flawed. To reveal them would be to sentence herself to the horror of “rehabilitation”—the complete psychic erasure of everything she ever was...Both human and animal, Lucas Hunter is a Changeling hungry for the very sensations the Psy disdain. After centuries of uneasy coexistence, these two races are now on the verge of war over the brutal murders of several Changeling women. Lucas is determined to find the Psy killer who butchered his packmate, and Sascha is his ticket into their closely guarded society. But he soon discovers that this ice-cold Psy is very capable of passion—and that the animal in him is fascinated by her. Caught between their conflicting worlds, Lucas and Sascha must remain bound to their identities—or sacrifice everything for a taste of darkest temptation...

A powerful DarkRiver sentinel tormented by his brutal past, Clay Bennett finds redemption in Talin McKade, an advocate for the street children, who needs his help in catching a killer, makes him question his base animal instincts, and unlocks the darkest secrets of his heart. Original.

A Psy/Changeling novel from the New York Times bestselling author of Shards of Hope, Shield of Winter, and Heart of Obsidian..."the alpha author of paranormal romance" (Booklist). As a conflict with Pure Psy looms on the horizon, two powerful wolves fight a far more intimate war of their own ... In his position as Tracker for the SnowDancer pack, it’s up to Drew Kincaid to rein in rogue changelings who’ve lost control of their animal halves—even if it means killing those who’ve gone too far. But nothing in his life has prepared him for the battle he must now wage—to win the heart of a woman who makes his body ignite...and who threatens to enslave his wolf. Lieutenant Indigo Riviere doesn’t easily allow skin privileges, especially of the sensual kind—and the last person she expects to find herself craving is the most wickedly playful male in the den. Everything she knows tells her to pull back before the flames burn them both to ash...but she hasn’t counted on Drew’s will. Now, two of SnowDancer’s most stubborn wolves find themselves playing a hotly sexy game even as lethal danger stalks the very place they call home...

New York Times bestselling author Nalini Singh takes us into the hearts of two fractured people in a world on the brink of a psychic Armageddon . . . Silence has fallen. The Psy are free to feel emotion. Free to love. But Silence was never a prison for Ivan Mercant. The biggest threat to his future lies dormant in his brain—a psychic monster that wants only to feed. And now, the brutal leash he’s kept on that monster is slipping. He prepared for this day, for the end of Ivan Mercant . . . but that was before he met Lei. As primal as she is human, this wild changeling brings color into his life, laughter to his soul. Then the dream shatters in a rain of blood, in silent bodies in the snow. Lei is gone. Vanished without a trace . . . until he meets strangely familiar eyes across a busy San Francisco street. Soleil Bijoux Garcia is a healer who has lost everything. She exists in a world of desolate aloneness . . . till the day she finds herself face-to-face with a lethal stranger. The animal who is her other half knows this man, but her memories are tattered fragments. Sorrow and a need for vengeance are all that drive her. Her mission? To kill the alpha of the DarkRiver leopard pack. But fate has other plans. Soon, a deadly soldier who believes himself a monster and a broken healer might be all that stand between life and death for the entire Psy race. . . .

The author of Shards of Hope and Shield of Winter presents a Psy/Changeling novel in which two people who know evil intimately must unlock the good within their icy hearts... As an Arrow, an elite soldier in the Psy Council ranks, Judd Lauren was forced to do terrible things in the name of his people. Now a defector, his dark abilities have made him the most deadly of assassins—cold, pitiless, unfeeling. Until he meets Brenna... Brenna Shane Kincaid was an innocent before she was abducted—and had her mind violated—by a serial killer. Her sense of evil runs so deep, she fears she could become a killer herself. Then the first dead body is found, victim of a familiar madness. Judd is her only hope, yet her sensual changeling side rebels against the inhuman chill of his personality, even as desire explodes between them. Shocking and raw, their passion is a danger that threatens not only their hearts, but their very lives... "The alpha author of paranormal romance."--Booklist
