The Wild Chapter

The meaning of chapter titles in *The Call of the Wild* extends beyond a simple description of the plot. The first chapter, "Into the Primitive," is concerned not only with Buck's departure from civilization and his entrance into a more savage, primitive world, but also with the contrast between civilized life and primitive life.

Summary I: *Into the
Primitive ...*

This chapter emphasizes the external dangers of the wild. Life within the world of gold rush towns and sled teams can be dangerous enough, as Curly's death and Buck's rivalry with Spitz demonstrate. But worse threats lurk beyond the confines of camps and mail routes—wild dogs, for one thing, and madness, for another.
