roles, events, artifacts, and the rules that bind them together. Ken Schwaber and Jeff Sutherland developed Scrum; the Scrum Guide is written and provided by them. Together, they stand behind the Scrum Guide.

## *Home | Scrum Guides*

Scrum is a part of the agile process, but certainly not the only part. Agile is a large tent, but scrum is an important pillar. Think of scrum as a framework by which you can implement agile development. Agile does not have a set of steps to follow, therefore scrum provides a means to apply agile to your project.

## *Understanding Scrum Methodology - A Guide*

A Scrum board (also known as a sprint
