This authoritative and accessible book charts the history of Japan from c. 8000 BC to the present. Conrad Totman conceptualizes the country's history in terms of four major ages: the age of foragers, dispersed agriculturalists, intensive agriculture, and industrialism.

A History of Japan : Conrad D Totman -
Blackwell's

The section on Japan's first interaction with the West is fascinating and this book does not focus too heavily on the World Wars as some books can, but it gives a solid understanding of the history leading up to the wars. This book is an essential read for any serious history or Japan enthusiast.

A Modern History of Japan, International Edition remains the best survey of modern Japanese history, beautifully written and impeccably argued by a leading scholar. The book's two central themes are modernity and connectivity. The modern history of Japan has been inseparable from a larger modern history of the world. Ideas, events, material goods and resources from abroad have influenced ...
