Clear instructions and illustrations show youngsters and adults how to create 38 delightful novelties: jumping jack, kaleidoscope, boomerang, pinwheel, parachute, bubble blowers, and much more. Each toy can be made with inexpensive materials found around the home, from cardboard and tape to string, scissors, and pins.

A complete history of one of the world's most iconic cocktails--now the poster child of the modern cocktail revival--with fifty recipes for classic variations as well as contemporary updates. No single cocktail is as iconic, as beloved, or as discussed and fought-over as the Old-Fashioned. Its formula is simple: just whiskey, bitters, sugar, and ice. But how you combine those ingredients--in what proportion, using which brands, and with what kind of garnish--is the subject of much impassioned debate. The Old-Fashioned is the spirited, delightfully unexpected story of this renowned and essential drink: its birth as the ur-cocktail in the nineteenth century, darker days in the throes of Prohibition, re-ascension in the 1950s and 1960s (as portrayed and re-popularized by Don Draper on Mad Men), and renaissance as the star of the contemporary craft cocktail movement. Also featured are more than forty cocktail recipes, including classic variations, regional twists, and contemporary updates from top bartenders around the country. All are accessible, delicious, and elegant in their simplicity, demonstrating the versatility and timelessness of the Old-Fashioned formula. With its rich history, stunning photography, and impeccable recipes, The Old-Fashioned is a celebration of one of America's greatest bibulous achievements. It is a necessary addition to any true whiskey- or cocktail-lover's bookshelf, and destined to become a classic on par with its namesake beverage.

We all love to read and learn from books, but The Repurposed Library takes our passion even further, presenting us with 33 projects to make--quite literally--out of books. For these projects, Lisa Occhipinti rescues and repurposes orphaned and outdated books from flea markets and library sales and turns them into new art objects and practical items for the home. Her creations range from artfully constructed mobiles, wreaths, and vases, to functional items like shelves, storage boxes, and even a Kindle "keeper" for those who want to replicate the sensation of holding a "real" book while reading from an e-reader. Projects utilize every imaginable part of a book--from hardback cover to individual pages--and are a DIY celebration of a new way to view a book's potential. Praise for The Repurposed Library: "In an age when the bound book is an endangered species, [Occhipinti's] artwork is nicely topical. She now has a book of her own, The Repurposed Library, out this week from Stewart, Tabori & Chang. In it, she offers readers a how-to guide to making household objects from, well, books, like a mirror, a lamp and a fire screen, as well as the winsome mobile shown on the cover." - The New York Times "Book hoarders rejoice: all those random children's books, encyclopedias, and unread paperbacks are about to find their purpose. . . . Furnished with cheery photographs and numerous hand-drawn diagrams, this endearing book will appeal to veteran crafters and literati alike." -BUST magazine "The book is really well-made, fittingly. The photography by Thayer Allyson Gowdy is wonderful and really shows off the projects!and everything in the background is as tastefully arranged as a Crate & Barrel catalog. . . . if you love books as objects, The Repurposed Library is a fun collection of project ideas." "Wired.com "We love how everyday objects like a colorful collection of vintage books can double as décor. . . . Th[e] cute wall-hung book ledge is easy to make and provides a perfect perch for treasured keepsakes." "Natural Home & Garden

This vintage book contains a comprehensive guide to building old-fashioned model ships and boats. Written in clear, simple language and full of helpful illustrations and detailed diagrams, this book is ideal for the novice model builder, and will be of considerable utility to those with a practical interest in building model ships. The chapters of this book include: "Some Famous Old Ships", "Building Old-Time Ship Models", "Making a Waterline Model of a Carrack", "Making Scenic Models", "Hulls and their Construction", "Modelling the Royal Albert", "Building the Stern Gallery", "Making the Masts and Spars", etcetera. Many antiquarian books such as this are increasingly hard to come by and expensive, and it is with this in mind that we are republishing this book now in an affordable, modern, high quality edition - complete with a specially commissioned new introduction on model building.

Handy tips for building everything from a cheese press, hog house, and bicycle-powered washing machine to advice on the proper way to split wood, sharpen scissors, and paper a room. 200 black-and-white illustrations.

Written by educators from five continents, this book offers fresh perspectives on teaching the old Testament today, and addresses problems of Curriculum, context, and communication.

Human history is traced from our once-upon-a-time origins, through the great disaster that nearly wiped the human race from the planet. From an insignificant family of displaced nomads, kings and poets arise who will shape human destiny. Fascinating characters, fast moving action and sparkling humor track the thread of the original Bible story, allowing the narrative to live afresh today. What others have said... ..the story line of the Bible reduced to a gripping tale, told with wit and warmth. This is the spinal cord of the world's oldest and most influential book... (Charles Price) ...respectful yet readable, insightful and invigorating. (J. John) ...the drama, the wonder and the life changing impact of the Bible... (Julie Sheldon) ...a book that simply tells the story - and just the story! It's brilliant! (Jennifer Larcombe) ...exposes the emotion of each moment with subtle details that form a new picture in one's mind. (Richard Dodding) ...the essence of the Bible--true to the text, true to the Spirit, eminently readable. (R. Paul Stevens)
