Superintendency (Ministry of Cultural Heritage), and finally his studies on the prehistory of north-eastern Africa.

Uomini e cani, guerra e civiltà, crudeltà e coraggio. Il XX secolo, le meraviglie di un pianeta in subbuglio, le sue follie e i suoi conflitti, raccontati con uno sguardo di sorprendente stupore. Un romanzo polifonico, una cronistoria canina, che mette in discussione l'autorità naturale dell'uomo sul mondo.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

NOW THE BASIS OF THE NEW SERIES ON SUNDANCE TV. Only Hap and Leonard would catch a cold case with hot cars, hot women, and ugly skinheads. The story starts simply enough when Hap, a former 60s activist and self-proclaimed white trash rebel, and Leonard, a tough black, gay Vietnam vet and Republican with an addiction to Dr. Pepper, are working a freelance surveillance job in East Texas. The uneventful stakeout is coming to an end when the pair witness a man abusing his dog. Leonard takes matters into his own fists, and now the bruised dog abuser wants to press charges. One week later, a woman named Lilly Buckner drops by their new PI office with a proposition: find her missing granddaughter, or she'll turn in a video of Leonard beating the dog abuser. The pair agrees to take on the cold case and soon discover that the used car dealership where her granddaughter worked is actually a front for a prostitution ring. What began as a missing-person case becomes one of blackmail and murder. Filled with Lansdale's trademark whip-smart dialogue, relentless pacing, and unorthodox characters, Honky Tonk Samurai is a rambunctious thrill ride by one hell of a writer.

A brand-new Hap and Leonard series collection chock full of Joe R. Lansdale's inimitable blend of humor, mayhem, and insight, *Of Mice and Minestrone* delivers never-before-seen stories, a selection of the boys' favorite recipes, and an introduction from New York Times bestselling crime author Kathleen Kent. Hap Collins looks just like a good ol' boy. But from his misspent youth on, his best compatriot is Leonard Pine, who is black, gay, and the ultimate outsider. Inseparable friends, Hap and Leonard climb into the boxing ring, visit each other's families, get in bar fights, and just go fishing--all the while confronting racists, righting wrongs, and eating a whole lot of delicious food. So pull up a seat and sit a spell. Master storyteller Joe R. Lansdale has cooked up a new passel of tales for you about the unlikeliest duo East Texas has to offer, created by his own self About Hap and Leonard Hap and Leonard are Joe R. Lansdale's beloved, highly-unlikely East Texan crime-fighting duo, immortalized in over twenty novels and short story collections. Hap Collins's liberal politics don't sit well with his neighbors; Vietnam veteran Leonard Pine is black, conservative, and gay. Together, as amateur detectives, and muscle for hire, they run roughshod over bullies, criminals, and bigots of all stripes. About the Hap and Leonard TV series Lansdale's duo made their screen debuts in the Hap and Leonard Sundance TV series, with Michael K. Williams (*The Wire*), James Purefoy (*The Following*), and Christina Hendricks (*Mad Men*). Saper mangiare è come sapersi vestire: bisogna scegliere cosa ci sta bene e cosa mettere (addosso, nel piatto o nel carrello della spesa). Nulla è proibito: gli alimenti comunemente ritenuti nemici della linea (dall'uovo fritto alle patatine e al cioccolato) possono diventare alleati, esattamente come un accessorio può essere completamente sbagliato o, se ben portato, può diventare un tocco di stile. Sara Farnetti, nutrizionista esperta in malattie del metabolismo, rivoluziona il concetto stesso di dieta. Non esistono infatti alimenti che fanno ingrassare, è il mix dei cibi che associamo a ogni pasto a liberare gli ormoni che determinano l'accumulo di grasso nelle diverse zone del corpo. Imparare ad abbinare i cibi nel modo giusto, dunque, è la chiave per una dieta equilibrata e sana. Grazie a linee guida semplici, ricette e trucchi, questo libro - un'educazione alimentare e di vita che innesca una rivoluzione invisibile, portando risultati con disciplina, ma senza fatica - ci spiega come confezionare, liberandoci da pregiudizi alimentari mortificanti e controproducenti, una dieta su misura. Per modellare il nostro corpo proprio dove ne ha bisogno, farci stare meglio e trasformare, senza stravolgerlo, il nostro stile di vita.

Florida Grange, Leonard's gorgeous lawyer and Hap's former lover, has vanished while in pursuit of the real story behind a jailhouse death. Fearing the worst, Hap and Leonard set out to do the investigating the good ol' boy cops can't--or won't--do themselves.
