public sector, lacking social and physical infrastructure, and perpetuating income disparities. The book sparked much public discussion at the time. It is also credited with popularizing the term "conventional wisdom". Many of the ideas presented were ...

~~The Affluent Society – Wikipedia~~

With customary clarity, eloquence, and humor, Harvard economist John Kenneth Galbraith gets at the heart of what economic security means in *The Affluent Society*. Warning against individual and societal complacency about economic inequity, he offers an economic model for investing in public wealth that challenges “conventional wisdom” (a phrase he coined that has since entered our vernacular) about the long-term

~~The Affluent Society book by John
Kenneth Galbraith~~

In *The Affluent Society*, the book that introduced the phrase “the conventional wisdom” into the American lexicon, Galbraith takes on a shibboleth of free-market conservatives and Keynesian liberals alike: the paramount importance of production. For Galbraith, the American mania for production continued even in an era of unprecedented affluence, when the basic needs of all but an

~~John Kenneth Galbraith – Wikipedia~~

The Anatomy of Power is a book written by Harvard economist John Kenneth Galbraith, originally published in 1983 by Houghton Mifflin Harcourt. It sought to classify three types of power: compensatory power in which submission is bought, condign power in which submission is won by making the alternative sufficiently painful, and conditioned power in which submission is gained by persuasion.
