The term legal transplant was coined in the 1970s by the Scottish legal scholar W.A.J. 'Alan' Watson to indicate the moving of a rule or a system of law from one country to another (A. Watson, *Legal Transplants: An Approach to Comparative Law*, Edinburgh, 1974). The notion of legal transplantation is diffusionism-based and according to this concept most changes in most legal systems occur as the result of borrowing.

When it was first published in 1974, *Legal Transplants* sparked both praise and outrage. Alan Watson's argument challenges the long-prevailing notion that a close connection exists between the law and the society in which it operates. His main thesis is that a society's laws do not usually develop as a logical outgrowth of its own experience.
