**Review: McMafia by Misha Glenny | Books | The Guardian**

McMafia is a British crime drama television series created by Hossein Amini and James Watkins, and directed by Watkins. It is inspired by the book McMafia: A Journey Through the Global Criminal Underworld by journalist Misha Glenny. The series stars James Norton as Alex Godman, the British-raised son of a Russian mafia boss living in London whose father is trying to escape from the world of organised crime. It is co-produced by BBC, AMC Networks, and Cuba Pictures. It premiered in the United Kin

### **McMafia: Seriously Organised Crime - Glenny, Misha ...**

Misha Glenny's groundbreaking study of global organized crime is now the inspiration for an 8-part AMC crime drama starring James Norton (War and Peace), Juliet Rylance, and David Strathairn. With the collapse of the Soviet Union, the fall of the Berlin Wall, and the deregulation of international financial markets in 1989, governments and entrepreneurs alike became intoxicated by dreams of newly opened markets.

### **McMafia: A Journey Through the Global Criminal Underworld ...**

McMafia unpicks the nexus of crime, politics and money worldwide which have become entangled and interdependent in entirely novel forms since the 1980s. It argues that conventional policing methods are no longer appropriate to deal with a problem whose roots lie in global poverty and the ever widening divisions between rich and poor.

McMafia is a journey through the new world of international organised crime, from gunrunners in Ukraine to money launderers in Dubai, by way of drug syndicates in Canada and cyber criminals in Brazil. This edition comes with a new introduction and epilogue from author Misha Glenny.

Riveting . . . ["McMafia"] provides insightful sociological perspectives about why certain nations spawn especially widespread and virulent organized crime networks--"The Seattle Times." photographs.

**\*\*Now a major BBC series starring James Norton\*\*** Have you ever bought a pirate DVD? Taken drugs? Fallen for a phishing scam? Organised crime is part of all our worlds - often without us even knowing. McMafia is a journey through the new world of international organised crime, from gunrunners in Ukraine to money launderers in Dubai, by way of drug syndicates in Canada and cyber criminals in Brazil. During his investigation into the dark side Misha Glenny speaks to countless gangsters, policemen and victims of organized crime, and also explores the ferocious consumer demands for drugs, trafficked women, illegal labour and arms across five continents.

Drugs, weapons, migrant labour, women — these are just a few of the many goods that effortlessly cross national borders in this globalized age, often without the knowledge or permission of the nations concerned. How is this remarkable criminal feat managed? From gun runners in the Ukraine, to money launderers in Dubai, cyber criminals in Brazil, racketeers in Japan, and the booming marijuana industry in western Canada, McMafia builds a breathtaking picture of a secret and bloody business. Internationally celebrated writer Misha Glenny crafts a fascinating, highly readable, and impressively well-researched account of the emergence of organized crime as a globalized phenomenon and shows how its secret and bloody business mirrors both the methods and the rewards of the legitimate world economy. Employing his journalistic talent and his prior experience covering organized crime in Eastern Europe, Glenny reports on his travels around the planet to investigate this worrying and worsening situation. After comprehensively surveying the criminal scene, Glenny ends by considering the future of organized crime. McMafia is an important book that assembles all the pieces of this worldwide puzzle for the first time.

The first English-language book to document the men who emerged from the gulags to become Russia's much-feared crime class: the vory v zakone Mark Galeotti is the go-to expert on organized crime in Russia, consulted by governments and police around the world. Now, Western readers can explore the fascinating history of the vory v zakone, a group that has survived and thrived amid the changes brought on by Stalinism, the Cold War, the Afghan War, and the end of the Soviet experiment. The vory--as the Russian mafia is also known--was born early in the twentieth century, largely in the Gulags and criminal camps, where they developed their unique culture. Identified by their signature tattoos, members abided by the thieves' code, a strict system that forbade all paid employment and cooperation with law enforcement and the state. Based on two decades of on-the-ground research, Galeotti's captivating study details the vory's journey to power from their early days to their adaptation to modern-day Russia's free-wheeling oligarchy and global opportunities beyond.

In this powerful and groundbreaking book, Misha Glenny takes us on a journey through the new world of international organised crime. For three years, he has been recording the stories of gun runners in Ukraine, money launderers in Dubai, drug syndicates in Canada, cyber criminals in Brazil, racketeers in Japan and many more. During his investigation of the dark side, he has spoken to countless gangsters, policemen and victims of organised crime while also exploring the ferocious consumer demand for drugs, trafficked women, illegal labour and arms across five continents. The journey begins with an appalling and inexplicable murder in England's stockbroker belt and continues with stories that are often horrifying, sometimes inspiring, usually bizarre and

occasionally funny. But together they build a breathtaking picture of the shadow economy that has grown so fast that it may now account for about 20% of the world's GDP. Usually the preserve of sensationalist reporting in the tabloid press, organised crime has seeped into our lives in so many ways and often without our knowledge. This consistently riveting account unveils the nature of crime in today's world but it also offers profound insights into the pitfalls of a globalisation where the rules dividing the legal from the illegal are often far from clear. McMafia unpicks the nexus of crime, politics and money worldwide which have become entangled and interdependent in entirely novel forms since the 1980s. It argues that conventional policing methods are no longer appropriate to deal with a problem whose roots lie in global poverty and the ever widening divisions between rich and poor.

Shortlisted for the Orwell Prize and the CWA Gold Dagger for Non-Fiction Award The benefits of living in a digital, globalised society are enormous; so too are the dangers. The world has become a law enforcer's nightmare and every criminal's dream. We bank online, shop online, date, learn, work and live online. But have the institutions that keep us safe on the streets learned to protect us in the burgeoning digital world? Have we become complacent about our personal security -- sharing our thoughts, beliefs and the details of our daily lives with anyone who cares to relieve us of them? In this fascinating and compelling book, Misha Glenny, author of the international bestseller McMafia, explores the three fundamental threats facing us in the twenty-first century: cyber crime, cyber warfare and cyber industrial espionage. Governments and the private sector are losing billions of dollars each year, fighting an ever-morphing, often invisible, and highly intelligent new breed of criminal: the hacker. Glenny has travelled and trawled the world. And by exploring the rise and fall of the criminal website, DarkMarket, he has uncovered the most vivid, alarming and illuminating stories. Whether JiLsi or Matrix, Iceman, Master Splynter or Lord Cyric; whether Detective Sergeant Chris Dawson in Bolton or Agent Keith Mularski in Pittsburgh, Glenny has tracked down and interviewed all the players -- the criminals, the geeks, the police, the security experts and the victims -- and he places everyone and everything in a rich brew of politics, economics and history. The result is simply unputdownable. DarkMarket is authoritative and completely engrossing. It's a must-read for everyone who uses a computer: the essential crime book for our times.

"This extraordinarily powerful book demonstrates how utterly we lack the shared supranational tools needed to fight cybercrime. Essential reading."  
--Roberto Saviano, author of Gomorra The benefits of living in a digital, globalized society are enormous; so too are the dangers. The world has become a law enforcer's nightmare and every criminal's dream. We bank online; shop online; date, learn, work and live online. But have the institutions that keep us safe on the streets learned to protect us in the burgeoning digital world? Have we become complacent about our personal security—sharing our thoughts, beliefs and the details of our daily lives with anyone who might care to relieve us of them? In this fascinating and compelling book, Misha Glenny, author of the international best seller McMafia, explores the three fundamental threats facing us in the twenty-first century: cybercrime, cyberwarfare and cyberindustrial espionage. Governments and the private sector are losing billions of dollars each year fighting an ever-morphing, often invisible and often supersmart new breed of criminal: the hacker. Glenny has traveled and trawled the world. By exploring the rise and fall of the criminal website DarkMarket he has uncovered the most vivid, alarming and illuminating stories. Whether JiLsi or Matrix, Iceman, Master Splynter or Lord Cyric; whether Detective Sergeant Chris Dawson in Scunthorpe, England, or Agent Keith Mularski in Pittsburgh, Pennsylvania, Glenny has tracked down and interviewed all the players—the criminals, the geeks, the police, the security experts and the victims—and he places everyone and everything in a rich brew of politics, economics and history. The result is simply unputdownable. DarkMarket is authoritative and completely engrossing. It's a must-read for everyone who uses a computer: the essential crime book for our times.

The inspiration for the major motion picture starring Daniel Craig: a high-octane crime novel set in the dangerous London underworld of the 1990s. Kingpins, dealers, rival gangs, false allegiances, bad faith, and good money. There are many levels to the world of drugs lurking beneath the polished surface of London—a “layer cake” of crime that can chew up and spit out even the most experienced of players. Though he's only twenty-nine, our narrator (“If I told you my name, you'd be as clever as me”) has made a small fortune in cocaine, enough to retire by thirty if he plays his cards right. But then word comes down that Jimmy Price, one of the biggest Dons in the city, has a job for him, one last big score that could set him up for good. All he has to do is find Charlotte Ryder—and then figure out how to escape the tangled web of the underworld alive. A high-intensity novel filled with bluffs and double crosses, dangerous enemies and even more treacherous allies, Layer Cake is a “walloping debut” (Kirkus Reviews), guaranteed to take you on a breathless, breakneck ride from the first page to the final con. “A storming piece of work: funny and serious by turns, with an abiding sense of conviction.” —The Guardian

'Reads like a thriller you can't put down' - Megha Rajagopalan, China Bureau Chief, BuzzFeed News 'ensures you'll never think about Southeast Asia in the same way ever again.' - Geographical Magazine Essential to understanding Southeast Asia in the 21st century, Hello, Shadowlands reveals a booming underworld of organised crime across a region in flux— a \$100 billion trade that deals in narcotics, animals and people —and the staggering human toll that is being steadily ignored by the West. From Myanmar's anarchic hills to the swamplands of Vietnam, jihadis are being pitted against brothel workers, pet thieves against vigilantes and meth barons against Christian vice squads. Hello, Shadowlands takes a deep plunge into crime rings both large and small. It also examines how China's rise and America's decline is creating new opportunities for transnational syndicates to thrive. Focusing on human stories on both sides of this crime wave, the acclaimed Bangkok-based broadcaster and journalist Patrick Winn intimately profiles the men and women of the region who are forced to make agonizing choices in the absence of law.
