'Monsieur Pamplemousse and his faithful dog Pommes Frites are true and original comic inventions' Guardian As a reward for services beyond the call of duty, Monsieur Pamplemousse, Sûreté sleuth turned food inspector, finds himself ensconced at Les Cinq Parfaits, the world-renowned hotel-restaurant on the shores of Lac Lemman. Sadly, his ever-faithful hound, Pommes Frites, is denied access to the dining room, but nothing daunted, he sniffs his way to his own gastronomic nirvana - with dire consequences for all concerned. However, Pommes Frites' problem is soon overshadowed by the disappearance of Jean-Claude, the Parfait brother responsible for the establishment's justly famous Soufflé Surprise. The outlook is grave: the country's oil supply depends on the goodwill of another guest, an Arab whose anger at being deprived of his favourite dessert bodes ill for the motorists of France. Once, again, the indefatigable Monsieur Pamplemousse comes to the rescue and in no time at all is up to his eyeballs in

A class of pixies from the Pixyrence's Laurel School in Tuscany flies to Paris for a school trip, only to be locked in Louvre overnight. The class takes advantage of lack of crowds to visit da Vinci's Gioconda in peace. Littlefanciful decides to use the magic to ask the famous woman questions and makes her come to life, starting a surreal adventure.

The trouble with French is that there are far too few English words in it. In this book, Miles Kington, the critic, columnist and creator of *Franglais*, puts all that right. The language here can be understood by almost anyone who failed GCSE French. If you have passed GCSE French, it could be tricky, but try anyway. A Frenchman would probably not understand a word of it, not that he would let on.
