Tomorrow ' s HR Management In the future, will human resource management emerge as an even more critical factor in developing and maintaining a company ' s competitive edge, or will it become just one more outsourced function overseen by managers busy juggling several other responsibilities at the same time? Will HR departments buckle under the constant pressure to do more with less, or will inspired leaders develop practices that link HR to overall business strategies and improved organizational capabilities? Tomorrow ' s HR Management is about creating the future right in your own company—adapting to meet the needs of your enterprise and the demands of a changing business environment. In this remarkably visionary volume, 48 of the most perceptive and imaginative HR executives, consultants, and scholars from around the world offer their views on the future of the field and prescribe courses of action that will help CEOs and HR managers shape that future. Each of the book ' s six sections advocates a strategic goal designed to increase HR ' s productivity, efficiency, and adaptability. Each chapter analyzes obstacles and formulates tactics designed to help reach these goals. This book helps HR managers and business leaders to: Manage HR like a business—define and deliver clear outcomes Play new roles in the competitive environment of the future Prepare for the future Build an infrastructure and discover how to measure progress Remember the human in Human Resources Go global through advances in technology Whether the future brings a steady and gradual curve of change or dramatic events that require drastic, overnight adjustments to radically new business environments, Tomorrow ' s HR Management will help lead the way in meeting these challenges and can be used by anyone from the CEO to the newest HR professional to create a more competitive organization.

It took all of thirty seconds for two shots to bring the world of Margaret Tabaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys ' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

It ' s a summer internship. Never mind that the owners are hot. Never mind that there are three of them. Never mind that they are twice her age. No matter how deeply she gets involved, she can ' t stay...

To Mr. Tate Howard, you are quite possibly the most infuriating, annoying and grumpy man I ' ve ever met in my life. I know you think that you ' re God ' s gift to women, but I have a secret to let you in on: you ' re not. You ' re God ' s gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn ' t mean you ' re the smartest man in the world. In fact, I ' m not even sure if you would have gotten in if you didn ' t have rich parents. Yes, I went there. Every woman doesn ' t want to sleep with you and I ' m sure you ' re not even good in bed. And I ' m someone that would know. From, Your Secret Not Admirer

Spanning more than two centuries in Ireland, Castle on the Rise unites the legacy of three women who must risk mending their broken places for life, love, and the belief that even through the depths of our pain, a masterpiece of a story can emerge. When Laine Forrester travels overseas to attend her best friend ' s vineyard wedding, she expects to find the bride on the brink of a fairy-tale life. But after a series of unforeseen setbacks, it seems the storybook lives they ' d imagined are suddenly ripping apart. With hopes of resurrecting a happy ending, Laine agrees to accompany the newlyweds to the groom ' s home in Ireland—never expecting she ' d be the one drawn in by its wide-open moors, backroads bordering the Irish Sea, and ' s mysterious castle that dares to keep its secrets hidden. From the storied streets of Dublin to the shores of the Emerald Isle, Laine is drawn in to the land and its rich history. The castle ruins whisper stories of Isy—a photojournalist battling through the 1916 Easter Rising, and Maeve—the castle ' s lady of legend, fighting for survival through the 1798 rebellion that started it all. Praise for Castle on the Rise: " Enchanting and mesmerizing!" —PATTI CALLAHAN, New York Times bestselling author of Becoming Mrs. Lewis " Castle on the Rise perfectly showcases rising star Kristy Cambron ' s amazing talent! Perfect pacing, lovely prose, and an intricate plot blend together in a delightful novel I couldn ' t put down. Highly recommended!" —Colleen Coble, USA TODAY bestselling author of Secrets at Cedar Cabin and the Rock Harbor series " Cambron ' s latest is one of her best. Gripping and epic, this intricately woven tale of three generations seeking truth and justice will stay with you long after the last page. " —Rachel Hauck, New York Times bestselling author Second in the Lost Castle series (The Lost Castle, Castle on the Rise, The Painted Castle) Can be read as a stand-alone, but best if read in order Sweet romance set in three time periods: present day, World War I/Easter Rising, and late 1700s Full-length novel (over 110,000 words)

" This heartfelt, witty addition to women ' s fiction will appeal to fans of Elizabeth Berg and Anna Quindlen. " (Booklist) Georgia Waltz has things many people only dream of: a plush Manhattan apartment overlooking Central Park, a Hamptons beach house, valuable jewels and art, two bright daughters, and a husband she adores, even after decades of marriage. It ' s only when Ben suddenly drops dead from a massive coronary while training for the New York City Marathon that Georgia discovers her husband—a successful lawyer—has left them nearly penniless. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad. As she uncovers hidden resilience, Georgia ' s sudden midlife shift forces her to consider who she is and what the truly values. That Georgia may also find new love in the land of Spanx and stretch marks surprises everyone—most of all, her. Sally Koslow ' s fourth novel is deftly told through the alternating viewpoints of her remarkable female protagonists as they plumb for the grit required to reinvent their lives. Inspiring, funny, and deeply satisfying, The Widow Waltz explores in a profound way the bonds between mothers and daughters, belligerent siblings, skittish lovers, and bitter rivals as they discover the power of forgiveness, and healing, all while asking, " What is family, really?"
