## 3. Introducing the Project - Programming Visual Basic 2008 ...

Because some readers of Programming Visual Basic 2008 may only have access to SQL Server 2005 Express Edition (and the related SQL Server 2005 Management Studio Express tool), all examples in this book are designed for use with that edition of the database engine. This only impacts the few times when I refer specifically to the client tools.

## 4. Designing the Database -
