Public Interest Design Practice Guidebook : Lisa M ...

Public interest design is a human-centered and participatory design practice that places emphasis on the “ triple bottom line ” of sustainable design that includes ecological, economic, and social issues and on designing products, structures, and systems that address issues such as economic development and the preservation of the environment. Starting in the late 1990s, several books, convenings, and exhibitions have generated new momentum and investment in public interest design. Since
