Real Analysis (3rd Edition) 3rd (third) edition (authors) ...  
 Eventually, I found Royden's Real Analysis. I have only read the first two chapters, and everything suddenly started making sense and gel together. I am awestruck, how Royden has figured out a way to organize all the concepts in some kind of natural sequence, and the amount of details on each concept.

 A complete set of tools for analyzing any social problem. Updated with nine new end-of-chapter case studies and more than 50 new boxed examples, the Third Edition of Joel Best's Social Problems elucidates the complex, competitive process through which social problems emerge, paying particular attention to how resources and rhetoric affect each stage of the process.
