Sociology Of Food And Nutrition -  
btgresearch.org

Sociology of food is the study of food as it relates to the history, progression, and future development of society. This includes production, preparation, consumption, distribution, conflict, medical application, ritual, spiritual, ethical, and cultural applications, environmental and labor issues. The aspect of food distribution in our society can be examined through the analysis of the changes in the food supply chain. Globalization in particular, has significant effects on the food supply ch
