The problem with 'The Sunflower Forest' is not that it is also a work of fiction, but that it doesn't focus on children with special needs like Hayden's other novels. At first, this put me off. Saying this, after finally getting into the

The depth of understanding human nature Ms Hayden shows in this book is astounding. Writing often in the first person, she makes you wonder how much of the book is autobiographical, as some of the events described dovetail as a possible prequel to her other books. I was enthralled throughout.

Victoria Lynn Hayden, known as Torey L. Hayden (born 21 May 1951 in Livingston, Montana, U.S.), is a special education teacher, university lecturer and writer of non-fiction books based on her real-life experiences with teaching and counseling children with special needs and also of fiction books.

Bestselling author Torey Hayden's new novel poignantly tells of a daughter's attempt to grow up in the shadow of her mother's haunted past. Warm, melancholy and evocatively rendered this book captures the essence of a family touched by sadness. A haunting tale of a family who can't escape the consequences of their mother's tormented childhood. Hayden, a master storyteller, again turns her talent to fiction in this novel that combines a psychological thriller with a nuanced family drama. Lesley's Hungarian mother Mara -- charming, childlike, lovable -- is traumatized by her adolescent Holocaust experiences. Though her American husband and daughters try to live a normal life, Mara holds them thrall to her moods and quirks. Lesley struggles to understand, but dealing with Mara is a severe strain which sets her apart from her peers. But when Mara's psychosis results in tragedy, Lesley goes to Wales in search of her mother's remembered joy.

David has never had a permanent home or a real friend, but when he decides to try to hatch an owl egg with the help of a classmate, his life slowly begins to change for the better.

A dramatic and remarkable narrative of an extraordinary teacher's

determination, from the author of the Sunday Times bestsellers *The Tiger's Child* and *One Child*.

Special-education teacher Torey Hayden's first book, *One Child*, was an international bestseller, thrilling readers on every continent. Their hearts were captured by Sheila, a silent, troubled girl who had been abandoned on a highway by her mother and abused by her alcoholic father, and who refused to speak. As Hayden writes in the prologue to this book, "This little girl had a profound effect on me. Her courage, her resilience, and her inadvertent ability to express that great, gaping need to be loved that we all feel -- in short, her humanness -- brought me into contact with my own." Since then Hayden has gone on to write books about many of her students, but her fans continue to ask her, "What happened to Sheila?" *The Tiger's Child* is her response. Here Hayden tells how Sheila, now a young woman, finally came to terms with her nightmare childhood. When Hayden was working on *One Child*, she showed the manuscript to Sheila, then a teenager, and was astonished to find that Sheila remembered almost nothing of her troubled younger years. She had no recollection of her many clashes with her teacher as Hayden tried to break through her emotional pain. And although Hayden had managed to get Sheila to communicate and become an active and lively child, Sheila's home life was still very troubled. Her father had been sent to prison when she was eight and Sheila had run away from a series of foster homes until finally she was placed in a children's home. But as Hayden continued to renew her relationship with the teenage Sheila, the memories slowly came back, bringing with them feelings of abandonment and hostility. Overwhelmed by the intensity of her awakening emotions, Sheila was driven to suicidal despair. *The Tiger's Child* is the touching, inspiring story of how a maturing Sheila came to perceive her mother not as a monster who willfully cast off her eldest child, but as a weak, forlorn, ordinary human being. Able to appreciate her own strength and resilience, Sheila at last is free to overcome the

haunting legacy of child abuse.

Bestselling author Torey Hayden's novel is a fascinating study of a fractured family, a troubled child, and a psychiatrist's attempts to rescue them.

From the bestselling author of *One Child* comes the story of three of former special education teacher Torey Hayden's most extraordinary challenges. Nine-year-old Cassandra, kidnapped by her father and found starving, dirty, and picking through garbage cans—is a child prone to long silences and erratic, violent behavior. Charming, charismatic four-year-old Drake will speak only in private to his mother—while his tough, unbending grandfather's demands for an immediate cure threatens to cause irreparable harm. And though she had never worked with adults, Hayden agrees to help fearful and silent eighty-two-year-old massive stroke victim Gerda—discovering in the process that a treatment's successes could prove nearly as heartbreaking as its limitations.

The first new book from beloved therapist and writer Torey Hayden in almost fifteen years—an inspiring, uplifting tale of a troubled child and the remarkable woman who made a difference. In a forgotten corner of Wales, a young girl languishes in a home for troubled children. Abandoned by her parents because of her violent streak, Jessie—at the age of ten—is at risk of becoming just another lost soul in the foster system. Precocious and bold, Jessie is convinced she is possessed by the devil and utterly unprepared for the arrival of therapist Torey Hayden. Armed with patience, compassion, and unconditional love, Hayden begins working with Jessie once a week. But when Jessie makes a stunning accusation against one of Hayden's colleagues—a man Hayden implicitly trusts—Hayden's work doubles: now she must not only get to the root of Jessie's troubles, but also find out if what the girl alleges is true. A moving, compelling, and inspiring account, *Lost Child* is a powerful

testament once again of Torey Hayden's extraordinary ability to reach children who many have given up on—and a reminder of how patience and love can ultimately prevail.

"Were all just somebody else's kids . . ." A small seven-year-old boy who couldn't speak except to repeat weather forecasts and other people's words . . . A beautiful little girl of seven who had been brain damaged by terrible parental beatings and was so ashamed because she couldn't learn to read . . . A violently angry ten-year-old who had seen his stepmother murder his father and had been sent from one foster home to another . . . A shy twelve-year-old from a Catholic school which put her out when she became pregnant . . . "What do we matter?" "Why do you care?" They were four problem children—put in Torey Hayden's class because no one else knew what to do with them. Together, with the help of a remarkable teacher who cared too much to ever give up, they became almost a family, able to give each other the love and understanding they had found nowhere else.

When Torey Hayden first met fifteen-year-old Kevin, he was barricaded under a table. Desperately afraid of the world around him, he hadn't spoken a word in eight years. He was considered hopeless, incurable, but Hayden refused to believe it. With unwavering devotion and gentle, patient love, she set out to free him—and slowly uncovered a shocking, violent history and a terrible secret that an unfeeling bureaucracy had simply filed away and forgotten. But she never gave up on this tragic "lost case." For a trapped and frightened boy desperately needed her help—and she knew in her heart she could not rest easy until she had rescued him from the darkness.
