Hello, just like in a topic, is it worth to have a second account to climb as a support? I mean, on one account you get i.e. Platinum, then you go for it on the second one. After that you get on your first account diamond, and then again you go for the same rank on the second account.

PSA #5: The Exile and Instructor sets are placeholders for support Jean, while Martial Artist and Viridescent Venerer sets are great for a healer/support hybrid Jean! Her only struggle is her Q's high energy cost (80), so getting early energy regeneration artifacts can help a ton!
