British Fashion photographer Terry Richardson produces strikingly beautiful images that sit on the fine line between art and commercialism; he is known for his work in *W*, *The Face*, *ID* and *Vogue Hommes International*. *Son of Bob*, however, explores some edgier and raunchier territory. It is a gleeful show of sex, travelogue scenes of an American underbelly, amorous masked and caped crusaders, professional wrestling fans, Harmony Korine, genitalia, food, and assorted candid portraits. These are party nights and hangover mornings, an extreme display of confrontational horseplay and rude humor. Citing "America's Funniest Home Videos", the amateur shots in *Hustler*, and archival photos from family albums and portraits from school or Woolworth's as influences, Richardson combines these opposing sensibilities into a provocative documentary approach that will indeed push some buttons, in addition to finding a ravenous audience.

Who took 1970's porn esthetic and made it fashion chic? Terry Richardson. Who made the trailer park trendy and the tractor hat de rigueur? Richardson again. Who's equally at home in Vogue, Harper's Bazaar, Purple and Vice? Our boy Terry. Who uses his fashion money to fund an X-rated website? Yes, Richardson. And who can't resist getting his clothes off and jumping in front of his own lens? Well, that would be Terry Richardson as well. Porn stars, supermodels, transsexuals, hillbillies, friends, pets, and celebrities all do for his lens what they'll do for no other. And if anyone ever wonders why they did it, just blame it on Terryworld, where taboos are null and void, and fashion finds sex a perfect fit. The Artist's Edition comes in a clear plastic case with 4 personally selected limited-edition Terryprints and a Terrybear (a little teddy bear with Terry's face on it).

In support of his wildly successful 'Terrywood', which opened in Los Angeles earlier in the year, Terry Richardson releases a comprehensive monograph fully detailing the exhibition. The volume consists of the artwork in the exhibition, documentation of the year-long process of building the exhibition and coverage of the opening night which has already attained legendary status as one the most important happenings in art since the turn of the century.

Since September 2009, the legendary fashion and portrait photographer Terry Richardson has been keeping an online photo diary, posting a new picture every day. These posts typically contain informal portraits of whomever Richardson is shooting, or whichever celebrity, artist or other public figure has dropped by the studio--either for an actual sitting or perhaps to discuss an upcoming project. Also posted to the site are examples of Richardson's street photography--snaps of street signs, buildings and sights around New York. As with Andy Warhol's Time Capsules, the accumulation of these candid, off-the-cuff photographs over the past three years has amounted to a social map of the most interesting people on the fashion, art, political and music scenes. Equal parts red carpet and intimate salon, the parade of people who enter Richardson's studio is boggling in its diversity. Amongst the thousands featured in Terry Richardson's Diary 2010 are Barack Obama, Lady Gaga, Rihanna, Angela Westberry, Frank Ocean, Richard Prince, Ryan McGinley, Donatella Versace and Kate Moss. This tantalizing array of images also provides a sense of how many of our media and pop culture images are shaped by the creative energies of one talented individual. The book is presented in a yearbook format to accentuate its origins

as a daily practice. Known for his punk-rock sensibility and willingness to take a fresh, edgy approach to portrait, fashion and documentary photography, Terry Richardson (born 1965) boasts a list of fashion clients including Marc Jacobs, Tom Ford and Yves Saint Laurent. His editorial work has been featured in publications ranging from Rolling Stone to Vogue and Vice.

Explicit, raunchy, funny, disturbing, absorbing, titillating, scandalous are all words that could describe this project. It's a black bag, containing a black book, which contains 358 X-rated color images. Please be forewarned, this material is ADULT in nature and is not for general consumption. Also available in a limited edition.

The Great Lakes are the largest collection of fresh surface water on earth, and more than 40 million Americans and Canadians live in their basin. Will we divert water from the Great Lakes, causing them to end up like Central Asia's Aral Sea, which has lost 90 percent of its surface area and 75 percent of its volume since 1960? Or will we come to see that unregulated water withdrawals are ultimately catastrophic? Peter Annin writes a fast-paced account of the people and stories behind these upcoming battles. Destined to be the definitive story for the general public as well as policymakers, *The Great Lakes Water Wars* is a balanced, comprehensive look
