The Audio Expert (Focal Press, ISBN 9780240821009) is a bold title, with an even bolder claim in its subtitle, but its 23 chapters and roughly 650 pages do constitute a fairly comprehensive and wide-ranging tome covering most aspects of studio engineering and audio. Despite the title and the back-cover guidance that the book is intended for intermediate to advanced recording engineers, my impression is that it's more suited to novices and intermediate students of the subject.
