Amazon.com: The European Reformations (9781405180672 ...

The Reformation was a split in the Latin Christian church instigated by Luther in 1517 and evolved by many others over the next decade—a campaign that created and introduced a new approach to Christian faith called 'Protestantism.' This split has never been healed and doesn't look likely to, but don't think of the church as divided between older Catholics and new Protestantism, because there is a huge range of Protestant ideas and offshoots.

Reformation 101 - The Protestant Reformation in Europe

This narrative description and analysis of the European Reformations of the sixteenth century begins with a chapter on the history and historiography of Reformation scholarship and concludes with an extended reflection on the Reformations' religious, social, and cultural legacies.

The European Reformations - Carter Lindberg - Google Books

Required text for class. This was a well informative book on the varying Christian religions during The Reformation in Europe. The book also focuses on primary sources, which is nice. It transports the reader into the thinking that was considered "radical" at the time. It also displays diverse ideas.

The European Reformations Sourcebook by Carter Lindberg

The Reformation became the basis for the founding of Protestantism, one of the three major branches of Christianity. The Reformation led to the reformulation of certain basic tenets of Christian belief and resulted in the division of Western Christendom between Roman Catholicism and the new Protestant traditions. The spread of Protestantism in areas that had previously been Roman Catholic had far-reaching political, economic, and social effects.

Reformation | History, Summary, & Reformers | Britannica

In the first place, on the eve of reformation the church suffered from numerous evil practices which greatly undermined the reputation of the church and the churchmen. The entire organization of the church right from Pope down to the priest were corrupt and vicious. They neglected their dioceses and took keen interest in politics.

What are the Causes of Reformation in Europe?

The Reformation (alternatively named the Protestant Reformation or the European Reformation) was a major movement within Western Christianity in 16th-century Europe that posed a religious and political challenge to the Catholic Church and in particular to papal authority, arising from what were perceived to be errors, abuses, and discrepancies by the Catholic Church.

Reformation - Wikipedia

Since its first appearance in 1991, The European Reformation has offered a clear, integrated, and coherent analysis and explanation of how Christianity in Western and Central Europe from Iceland to Hungary, from the Baltic to the Pyrenees splintered into separate Protestant and Catholic identities and movements.

A collection of primary sources drawn from medieval and sixteenth-century texts.

A new, definitive atlas of the European Reformations has been needed for many years. Now, in anticipation of the upcoming reformation anniversaries, Fortress Press is pleased to offer tthe Atlas of the European Reformations. The Atlas of the European Reformations is newly built from the ground up. Featuring more than sixty brand new maps, graphics, and timelines, the atlas is a necessary companion to any study of the reformation era. Consciously written for students at any level, concise, helpful texts guide the experience and interpret the visuals. The volume is perfect for independent students, as well as those in structured courses. The atlas is broken into four primary parts. "Before the Reformation" presents the larger political, religious and economic context of Europe on the eve of the reformation. "Reformation" presents the major contours of the reformation, including Lutheran, Reformed, English, and Anabaptist movements. "Catholic Reform and Counter-Reformation" provides extensive information on the reforming movements within Catholicism and the responses to other movements. Finally, "Early Modern Europe" sheds fresh light on the movement and implications of the reformation in the later sixteenth and seventeenth centuries.

This fast-paced survey of Western civilization's transition from the Middle Ages to modernity brings that tumultuous period vividly to life. Carlos Eire, popular professor and gifted writer, chronicles the two-hundred-year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day. Eire connects the Protestant and Catholic Reformations in new and profound ways, and he demonstrates convincingly that this crucial turning point in history not only affected people long gone, but continues to shape our world and define who we are today. The book focuses on the vast changes that took place in Western civilization between 1450 and 1650, from Gutenberg's printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years' War. Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism, skepticism, and secularism, and he takes into account the expansion of European culture and religion into other lands, particularly the Americas and Asia. He also underscores how changes in religion transformed the Western secular world. A book created with students and nonspecialists in mind, Reformations is an inspiring, provocative volume for any reader who is curious about the role of ideas and beliefs in history.

In this widely praised history, noted scholar James D. Tracy offers a comprehensive, lucid, and masterful exploration of early modern Europe's key turning point. Establishing a new standard for histories of the Reformation, Tracy explores the complex religious, political, and social processes that made change possible, even as he synthesizes new understandings of the profound continuities between medieval Catholic Europe and the multi-confessional sixteenth and seventeenth centuries. This revised edition includes new material on Eastern Europe, on how ordinary people experienced religious change, and on the pluralistic societies that began to emerge. Reformation scholars have in recent decades dismantled brick by brick the idea that the Middle Ages came to an abrupt end in 1517. Martin Luther's Ninety-five Theses fitted into an ongoing debate about how Christians might better understand the Gospel and live its teachings more faithfully. Tracy shows how Reformation-era religious conflicts tilted the balance in church-state relations in favor of the latter, so that the secular power was able to dictate the doctrinal loyalty of its subjects. Religious reform, Catholic as well as Protestant, reinforced the bonds of community, while creating new divisions within towns, villages, neighborhoods, and families. In some areas these tensions were resolved by allowing citizens to profess loyalty both to their separate religious communities and to an overarching body-politic. This compromise, a product of the Reformations, though not willed by the reformers, was the historical foundation of modern, pluralistic society. Richly illustrated and elegantly written, this book belongs in the library of all scholars, students, and general readers interested in the origins, events, and legacy of Europe's Reformation.

This set contains the following: The European Reformations, 2nd Edition by Carter Lindberg (978-1-4051-8067-2) The European Reformation Sourcebook, 2nd Edition by Carter Lindberg (978-0-470-67328-7)

The Reformation was the seismic event in European history over the past 1000 years, and one which tore the medieval world apart. Not just European religion, but thought, culture, society, state systems, personal relations - everything - was turned upside down. Just about everything which followed in European history can be traced back in some way to the Reformation and the Counter-Reformation which it provoked. The Reformation is where the modern world painfully and dramatically began, and MacCulloch's great history of it is recognised as the best modern account.
