 Vertigo is a wordless novel by American artist Lynd Ward (1905–1985), published in 1937. In three intertwining parts, the story tells of the effects the Great Depression has on the lives of an elderly industrialist and a young man and woman. Considered his masterpiece, Ward uses the work to express the socialist sympathies of his upbringing; he aimed to present what he called "impersonal social forces" by depicting the individuals whose actions are responsible for those forces.

Vertigo (wordless novel) - Wikipedia
 Vertigo was the last and longest of six ‘novels without words’ written by Ward. ‘Written’ over 70 years ago, the woodcuts and image-driven narratives in his books perfectly capture Great Depression-era issues. I loved all of these books. If you haven’t read him, you really should.

Vertigo by Lynd Ward - Goodreads
 First published in 1937, Ward’s Vertigo paints a triptych of Depression-era images - the kind with a new urgency in the 2008-9 economic downturn. The first of these stories, The Girl, traces years of a young woman’s life from childhood, through high school graduation, and into the promise of a happy and fulfilling adulthood.
