Hawaii, 7th December 1941, shortly before 8 in the morning: Japanese torpedo bombers launch a surprise attack on the US Pacific fleet anchored in Pearl Harbor. The devastating attack claims the lives of over 2,400 American soldiers, sinks or damages 18 ships and destroys nearly 350 aircraft. The US Congress declares war on Japan the following day. In this vivid and lively book, Takuma Melber breathes new life into the dramatic events that unfolded before, during and after Pearl Harbor by putting the perspective of the Japanese attackers at the centre of his account. This is the dimension commonly missing in most other histories of Pearl Harbor, and it gives Melber the opportunity to provide a fuller, more definitive and authoritative account of the battle, its background and its consequences. Melber sheds new light on the long negotiations that went on between the Japanese and Americans in 1941, and the confusion and argument among the Japanese political and military elite. He shows how US intelligence and military leaders in Washington failed to interpret correctly the information they had and to draw the necessary conclusions about the Japanese war intentions in advance of the attack. His account of the battle itself is informed by the latest research and benefits from including the planning and post-raid assessment by the Japanese commanders. His account also covers the second raid in March 1942 by two long-range seaplanes which was intended to destroy the shipyards so that ships damaged in the initial attack could not be repaired. This balanced and thoroughly researched book deepens our understanding of the battle that precipitated America's entry into the war and it will appeal to anyone interested in World War II and military history.

Traces the experiences of a veteran who participated in the world's first battles between aircraft carriers, his military enlistment as a restless youth, radio training, and his thoughts witnessing the sinking of the Yorktown.

The New York Times'bestselling authors of Miracle at Midway delve into the surprise attack on Pearl Harbor during WWII in [a superb work of history] (Albuquerque Journal Magazine). In the predawn hours of December 7, 1941, a Japanese carrier group sailed toward Hawaii. A few minutes before 8:00 a.m., they received the order to rain death on the American base at Pearl Harbor, sinking dozens of ships, destroying hundreds of airplanes, and taking the lives of over two thousand servicemen. The carnage lasted only two hours, but more than seventy years later, terrible questions remain unanswered. How did the Japanese slip past the American radar? Why were the Hawaiian defense forces so woefully underprepared? What, if anything, did American intelligence know before the first Japanese pilot shouted "Tora! Tora! Tora!?" In this incomparable volume, Pearl Harbor experts Gordon W. Prange, Donald M. Goldstein, and Katherine V. Dillon tackle dozens of thorny issues in an attempt to determine who was at fault for one of the most shocking military disasters in history.

Christmas 1941 came little more than two weeks after the attack on Pearl Harbor. The shock—in some cases overseas, elation—was worldwide. While Americans attempted to go about celebrating as usual, the reality of the just-declared war was on everybody's mind. United States troops on Wake Island were battling a Japanese landing force and, in the Philippines, losing the fight to save Luzon. In Japan, the Pearl Harbor strike force returned to Hiroshima Bay and toasted its sweeping success. Across the Atlantic, much of Europe was frozen in grim Nazi occupation. Just three days before Christmas, Churchill surprised Roosevelt with an unprecedented trip to Washington, where they jointly lit the White House Christmas tree. As the two Allied leaders met to map out a winning wartime strategy, the most remarkable Christmas of the century played out across the globe. Pearl Harbor Christmas is a deeply moving and inspiring story about what it was like to live through a holiday season few would ever forget.
